

Department of Polar Science Course Registration Model (Doctoral Program)

Fields of education and research guidance : Polar Meteorology and Glaciology

Research topics : Research on atmospheric phenomenon in polar regions

Year	Comprehensive subjects	Credits	School common foundation subjects	Credits	Introductory subjects group	Credits	Specialization subjects group	Credits	Research guidance subjects group	Credits	Fieldwork
3	Student seminars	1	Introduction to Advanced Earth Science I	2					Special Lectures for Dissertation III	2	Participate in observation activities in Japan or overseas in order to collect observation data.
	SOKENDAI lectures	1	Introduction to Advanced Earth Science II Measurement of space and atmosphere	2 2					Special Exercise for Dissertation III	2	
<p><Goals> Determine a research theme and research plan for the doctoral thesis. Collect necessary data in accordance with the theme of the doctoral thesis, through fieldwork or other means, and analyze the data. At the student presentation sessions in February, explain your research findings to date and show a research plan for further work. This presentation is reviewed by supervisors, as well as by the entire body of academic staff in the department.</p>											
4									Special Lectures for Dissertation IV	2	Participate in observation activities in Japan or overseas in order to obtain observation data.
									Special Exercise for Dissertation IV	2	
<p><Goals> Finish collecting all the data necessary for the doctoral thesis and proceed with analyzing the data. Start writing the thesis. In addition, prepare a paper on a topic connected with the doctoral thesis and submit it to a peer-reviewed journal. At the student presentation sessions in February, explain your research findings to date. This presentation is reviewed by supervisors, as well as by the entire body of academic staff in the department.</p>											
5									Special Lectures for Dissertation V	2	
									Special Exercise for Dissertation V	2	
<p><Goals> Proceed with writing the doctoral thesis. The thesis should be 80% complete (at the standard of a doctoral thesis) by the preliminary assessment stage. After the preliminary assessment, make sure to address all the issues raised by the preliminary assessment committee before applying for the final assessment. Then work to complete the thesis.</p>											

No. of credits	2	6	0	0	12
	(1)	(2)	(3)	(4)	(5)

Obtained credits	20
Credits needed for degree	10

(Note that 4 credits of category (2) must be included. Up to 2 credits of category (1) can be counted towards the degree. In addition, credits earned from other universities can also be counted towards the degree, in accordance with the credit exchange system, subject to specified limits.)
