

**Replace This Sentence with the Title of Your Abstract.** A. B. Author<sup>1</sup> and C. D. Author<sup>2</sup>,  
<sup>1</sup>Affiliation for first author, <sup>2</sup>Affiliation for second author.

**Deadline:**

Deadline for abstract submission: 12:00 JST,  
October 5, 2012.

**Preparation of abstract:**

Abstracts should be written in English and submitted as PDF files via WEB site. Microsoft Word files will be accepted only from those authors who are unable to submit in PDF. Authors submitting abstracts in formats other than PDF should contact the NIPR (polar-sympo@nipr.ac.jp) in advance. Abstracts (including title, authors, affiliations, references, tables, figures, etc.) will be limited to a maximum of Two pages of A4 format with margins of 25 mm. The size of abstracts in PDF should not exceed 2 MB. Abstracts exceeding these requirements will not be acceptable.

Submission of an abstract is understood to imply that large parts of the data are original, unpublished and not being considered for publication elsewhere. New meteorite names must be approved by the Meteorite Nomenclature Committee of the Meteoritical Society.

**Abstract submission:**

Your abstract should be submitted via WEB site. If you have any questions about abstract submission, please contact the NIPR (polar-sympo@nipr.ac.jp).

**Hard copy submission:**

We accept hard-copy submission if you are unable to submit your abstract in PDF. You are requested to prepare your abstract based on the general instructions. The deadline for hard-copy submission is also October 3, 2011.

**NIPR Journal:**

Participants who present at the symposium are encouraged to submit manuscripts reporting their results to the NIPR Journal, *Polar Science*.

**References:**

Use the brief numbered style common in many abstracts, e.g., [1], [2], etc. References should then appear in numerical order in the reference list, and should use the following abbreviated style: [1] Author A. B. and Author C. D. (1997) *JGR*, 90, 1151–1154. [2] Author E. F. et al. (1997) *Meteorit. Planet. Sci.*, 32, A74. [3] Author G. H. (1996) *LPS XXVII*, 1344–1345.
